STAND FOR YOUR
WORTH & DIGNITY

THE PATH TO HIGHER EARNING POWER

How do you honor your talents by charging your worth?

THE ANSWER MAY SURPRISE YOU.

You must transform your money story first by replacing old money rules that are running your life so that you uplevel your self-worth while redefining your wealth consciousness (money habits, behaviors & mindset).

Money can be a very sensitive subject wrapped around emotion, behaviors and habits that can prevent us from being in our power.

I employ the transformation of your money relationship as a catalyst for positive change in all parts of your life when you apply the principles and strategies consistently daily.

Your money relationship (how you think, feel, and act with money) is one of the most profound relationships you will have in your lifetime next to yourself, your higher power and significant other.

Is it time to demystify it?

You know you are ready for a money breakthrough when...

(Check all that apply)

- ✔ You've had an avoidance or procrastination around money, paying bills, invoicing, balancing checking accounts, reading bank statements or tracking income.
- ✔ Maybe you have been under earning for several years, even though you know **you're worth so much more**.
- ✔ You may frequently find yourself short of money, despite trying to **make more**. (This goes for high income producing earners, too!)
- ✔ You have wanted to **achieve a new level of success** in your business or career, but something always seems to be preventing you from making significant progress towards your goals; and you are beyond frustration trying to figure it out.
- ✔ Not aligning your spending, saving and earning with your top core values. (This is a life changing principle)
- ✔ You secretly wish **someone would hand you a debt payoff plan** that feels liberating, dignified, and simple.
- ✔ You are so done with any money habits or behaviors that don't serve you any longer and are more than ready to **heal your relationship with money**, once and for all.
- ✔ The **security and wealth** you have desired for you and your family year after year has you concerned. You may be in a good place, but know you could be doing something more.
- ✔ **You and your partner are not congruent** with how you operate with money. (very common, but transformable)
- ✔ You realize these money issues require **personal coaching** to help you make these life-changing, **important breakthroughs**.

5 Practical Steps To Get You Started On The Path To Higher Earning Power

STEP ONE

Open your wallet. Throw out all the old receipts, file the important receipts in a clean folder for good bookkeeping, clean out all old stuff in there and make room for MORE money to be neatly placed in your wallet. For the ladies, find all the loose change and bills sitting at the bottom of your purse and put it neatly in your wallet. **Better yet, buy a new wallet that makes you feel regal, rich, and abundant** and be on the lookout for new money coming your way.

STEP TWO

You know all those gift cards and gift certificates you forgot about in your wallet or in the desk drawer? USE them now! Put your money in circulation and let it flow. (If we hoard our gift cards, we are keeping money from flowing in our life. Money is meant to be circulated to grow.) Then ask yourself where else do you hoard money (frugality) out of fear there is not enough or you believe the last buck stops here (you).

STEP THREE

Identify places and situations you give away your power with money (i.e., charging low rates or fees, bartering your services frequently, hoarding money, ignoring debt or bills in the mail, avoiding looking at your bank balances, infrequent bill paying to name a few).

STEP FOUR

Now list how you COULD stand in your power with money and ALL the benefits of your courage. (Family, business, work, spiritual, health, vacations, etc.)

STEP FIVE

Turn your lack statements about money into affirmative statements and read them every day (no exception!)

Lack mindset:

“My father (or mother) was negative and lack mindset with money, so I must have adopted that, too.”

Abundant mindset

(the truth): “I am breaking the chain of my family money legacy and claiming my own healthy and joyful money relationship.”

Lack mindset:

I have to work twice as hard to earn more and I just don't have any more time or energy to do that!

Abundant mindset (the truth): I'm grateful I've learned to leverage my workload and be an excellent steward of time and money as I live a life of wealth, achievement and fulfillment!" Thinking and acting AS IF it's already here before it shows up is the key to manifesting.
